◆ Who We Are?

Alsaleh, Alsahli & Partners Law Firm L.L.P is a Saudi professional company with limited liability which was incorporated in 2014 under the name of "Abdullah Alsaleh Law Firm". Stemming from the vision of the partners of the importance of professional aggregation and their high value added, the Firm has been changed to be a professional company to practice its activities in a regular manner and provide services at the highest level of reliability.

We are proud of our existence in the Kingdom of Saudi Arabia which enables us to provide our Clients with our services that tackle all their legal aspects guided with our deep knowledge of their fundamental and detailed business requirements. We provide ad hoc services to our Clients that easily and accurately satisfy their needs.

Our team has vast and diversified experience in executing and completing different and complicated legal matters. Our experiences developed and intensified by our deep understanding of commercial and economic businesses, our knowledge of the legislations and the local and international practices. The Firm represents a number of Clients inside and outside the Kingdom of Saudi Arabia including international companies and small and medium size companies. The Firm provides also comprehensive services tackling several legal operations inside and outside the Kingdom.

Our Methodology

Professionalism in Provision of Services:

Professionalism in Provision of Services

Alsaleh, Alsahli & Partners Staff is characterized by its unique professionalism, which is essential in the field of law practice and legal consultations, enabling us to provide high quality services to our Clients. Our lawyers and consultants have vast and extended academic experiences in addition to practical experience, making them the most qualified for the provision of advice and consultations compatible with the laws applicable in the Kingdom of Saudi Arabia. In addition, most of our lawyers and consultants, are proficient in more than one language besides the Arabic language, which enables them to respond to the requirements of Clients in all fields.

Effective Communication:

We totally believe that communication with the Clients is highly important. Therefore, the Firm as a basis for dealings, avails its team at the disposal of the Clients in all times so to support their urgent and necessary business. The Firm focuses on responding urgently to the business of the Clients and their needs in a professional manner according to the highest standards.

Innovative and Proactive Team:

Clients always seek for the added value concept to their business and to have unusual and out of the range solutions and consultations. Therefore, our team proactively endeavors to find new approaches for tackling any legal issue in a manner that achieves the anticipated objectives that serve the Client's interests. Our innovative and proactive solutions served the Clients in the most complicated and diversified transactions.

We and our Client:

Our relationship with our Clients is not concerned only with provision of legal solutions; we are keen to engage in all details of their business, which fall under our professional scope of work, in order that the legal outputs will be compatible with the requirements of their business and contributing in fulfilling their ambitions. We also seek to provide our Clients with the best and successful local and international practices and methods which serve their business and legal requirements and avail to them the options that enable them to practice their business and to achieve their future aspirations.

Business Management Methods:

Legal outputs will not be sustained without the existence of an integrated work team having the basic skills required for the Clients' business according to the speciality and the needed quality. Each Client's file is considered a project for which all the required qualifications should be availed according to the field of speciality and file needs. The presence of a qualified and specialized team is the main element in business management in our Firm, which we put always as our fundamental element for provision of a suitable service that meets the aspiration of the Clients. We believe that our Client is the main source of knowledge for the work team, not only for acquiring full information about his business and the legal requirements to be achieved in the future, but as an effective element for determining the approaches to be taken by the team work and for drawing the outlines of the work plan.

Outputs:

We are always keen to accurately understand the requirements of the Clients in order to reflect them in a professional manner in acceptable legal works. To secure the interests of our Clients, we dream to make our legal drafting in a clear and understandable form and to avoid any ambiguity or complications.

To insure providing our services to the Client in the intended manner. Our work is not limited only to presenting the output, but also to discuss it with the Client in order to enhance his legal position. All outputs are reviewed more than once to ensure provision of the required work with the utmost care and effectiveness.

Time Frame:

As some works require high degree of urgency and accuracy. We are keen to engage in such files, high focusing, attentive and efficient work team with suitable qualifications, so as to give their best expertise within a determined framework to achieve the business requirements according to the Clients' interests.

Confidentiality:

We understand the importance of the confidentiality and privacy of the information of all Clients, and hence we consider, in principle, that whatever we have accessed or submitted to us of high degree of confidentiality. We do not disclose or divulge any legal, regulatory, financial or commercial information or data to any third party, unless to the parties connected with the transaction itself or upon a written request from the Client. However, we are proud to disclose the names of our Clients and the transactions achieved for marketing purposes and to introduce the Firm's works to other Clients.

Conflict of Interests:

We are committed to conduct Conflict of Interests check with our Clients whenever we are intending to engage in a legal relationship. We have firm policy regarding the conflict of interests in the works we are providing to our Clients. The professional rules which we are adopting prevent us from engaging in work relation with any Client or providing legal service there to if we discovered any conflict of interests with any other Client. We are always keen to conduct our professional duties sincerely and honestly within this regard.
